

Placement details

The following two pages need to be completed for each placement undertaken during the PDS.

6. Placement Details

Note: Placements must be a minimum of 11 weeks. If part-time, please complete a **part-time training application** and submit it along with your PDS proposal.

Training site	Placement Supervisor	FTE	Start date	Duration (weeks)

Is the training site currently accredited for specialist training? Yes/no

(If no, the section describing the training site must be submitted)

Name of the specialist medical college, faculty or chapter _____

Specialty (anaesthesia, rehabilitation medicine, general practitioner etc.): _____

7. Learning outcomes for PDS placements

Identify the learning outcomes applicable to the **Clinician role** that you plan to achieve during each placement (*Trainees should consider the duration of the placement and set goals that are achievable*).

No.	Learning Outcome	Role

Specific learning experiences that will help the trainee achieve these outcomes (clinics to attend, education sessions etc):

Workplace based assessments (WBPFs) allow the trainee to demonstrate attainment of the learning outcomes during the placement. Identify possible topic areas for WBPFs during this placement.
