INVITATION

The Faculty of Pain Medicine and the Continuing Professional Development Committee warmly welcome you to the Refresher Course Day.

FACING PAIN

It is my pleasure to invite you to the 13th Annual Faculty of Pain Medicine Refresher Course Day in 2015, held just prior to the ANZCA/FPM Annual Scientific Meeting. The Refresher Course Day will be held at the National Wine Centre of Australia. Complementing the ASM with the theme of “Facing pain”, we will explore the changes that are facing pain medicine with increasing research knowledge, society’s concerns about driving while affected by medication, the ageing population, along with “Facing our fear” regarding colleague’s mental illness, suicide and dealing with the aftermath.

The FPM ASM Visitor for 2015 is Professor Irene Tracey, Nuffield Professor of Anaesthetic Science and Director Oxford University Centre for Functional Magnetic Resonance Imaging of the Brain. Professor Tracey is undertaking exciting work exploring the brain localisation and changes for analgesia, anaesthesia and the evolution from acute to persistent pain.

The FPM South Australian Visitor for 2015 is Dr David Lussier from Canada. Dr Lussier is the Director, Geriatric Pain Clinic, Magill University Health Centre and has a keen research interest in pain in the older persons, pharmacology of pain and the difficulties with managing the elderly with their multiple comorbidities, psychosocial issues and the problem of dementia.

Complementing the international speakers will be a selection of local and national speakers from both medical and non-medical backgrounds resulting in a program which will be stimulating and challenging to all registrants. The Scientific Committee looks forward to seeing you in Adelaide for the 2015 Refresher Course Day.
