

## Pain Specialist – Regional NSW – Leading Multidisciplinary Practice

Amazing opportunity for Pain Specialist to be hugely rewarded in depth of role, recognition, financial rewards and further expanding opportunities

Established and Trusted Medical Practice

Huge Career Opportunity

Massive Earning & Lifestyle Opportunity

### ***The Company***

Our client is multidisciplinary private pain practice that services the entire Central West NSW region from Lithgow, Bathurst, Orange, Dubbo, Parkes, Forbes, Mudgee and more. The practice has been developing its reputation as a trusted and caring provider for over 10 years based out of Bathurst and has worked across the entire region as one of the leading specialists. The practice has a multidisciplinary team including pain specialists, rehabilitation medicine physician, psychology, counselling, physiotherapy, administration and support. Other required treatments and services are networked via referral. Currently they are looking for a Physician & Pain Specialist.

### ***The Opportunity***

You will work to assess and manage all types of pain including acute, arthritis, musculoskeletal, neuropathic, persistent back/neck and spinal, illness or disease, paediatric and adolescent, headaches, spinal cord injury, cancer, injury and surgery related pain.

You will be responsible to develop and grow the practice through strategic leadership by developing and nurturing strategic relationships with local GP's, specialists and other allied health professionals. You will also work to build the practice by the expansion of services that promote the strategic goals of the practice and enhance the patient's potential outcomes.

### ***You***

- Current AHPRA registration
- FFPMANZCA qualifications or non-interventional pain physician experience.
- Strong patient, communication and relationship building skills.
- Looking for a real opportunity to lead and develop an already highly successful practice.

### ***The Rewards***

You will be rewarded with a lucrative earning opportunity, the ability to develop and grow a proven practice and have real flexibility / work-life balance. They have over 2800 clients, receive a high volume of referrals and are highly sought after across the entire region. Further opportunities may apply to the right candidate, with further details to be provided to short listed candidates.
