

Pain Specialist

Sydney and Melbourne

Work for one of Australia's only holistic brain, spine and pain management services, designed to offer best-in-class care to patients for the complete lifecycle of their condition.

This unique team comprises a world class group of super-specialists who are renowned for their clinical expertise and compassionate patient care.

Their mission is to deliver brain and body science at its best and continue to bring innovation, experience, skill and compassion in everything they do.

The Facility & Practice

The centre has an established referral base and is located in the eastern suburbs of Melbourne. They have 15 consulting locations in Melbourne alone, as well as existing locations in Tasmania and soon to open their doors in Sydney.

The multidisciplinary practice offers a comprehensive range of services including:

- + Neurosurgery and spinal surgery services
- + Pain Management
- + Neurology
- + Psychology & Psychiatry
- + Wellbeing & Longevity
- + Multidisciplinary Clinics
- + Occupational Medicine Services
- + Rehabilitation Programs

The Opportunity

We are seeking the services of a Pain Specialist interested in developing their own private practice incorporating consulting and elective surgery under the auspices of this distinguished client.

This is an exciting opportunity to become part of a fantastic private practice team with a fast growing patient volume.

You will have endless support to grow a lucrative and thriving private practice with high quality resources from marketing, business development, secretarial and administrative teams to ensure that you walk into a busy practice and see patients from day one.

Joining the group will give you the flexibility to build your career around your lifestyle. You can choose where you live and consult in either cities, and the hours and days that you work.

You will work in a welcoming community setting with an extremely supportive team and culture that will set you up for long term success.

Keys to Success

To be successful in this role you will be a patient focussed clinician with ideals and ethics in line with the organisation. You will be a passionate and caring person with the drive and determination to lead the service into the future and have a spirit of cooperation and goodwill.

You must hold Fellowship with the Royal Australasian College of Anaesthetists or Physicians with the pain qualification FFPMANZCA, and also hold unconditional registration as a specialist with AHPRA, or be a final year trainee.

Remuneration & benefits

This is an exclusive opportunity to create a secure start up in the private arena which offers an extremely lucrative return. You have the option to work as a fully private practitioner from day one or have peace of mind and opt for the benefit of having a substantial salaried appointment with a built in incentive scheme to get you up and running in the first 12 months. You decide!

Professional and personal rewards include:

- + Assistance in building a lucrative practice
- + Your own rooms in a high end setting
- + Secretarial, marketing, business development and administrative support
- + Established referral base
- + Access to first class surgical equipment
- + Access to hospital theatre time
- + Enjoying an attractive remuneration package based on a high % billings
- + Generous commencement salary guarantee if required
- + Opportunity to become an equity partner
- + Flexible holidays with coverage
- + Continued Professional Development
- + Funded conference allowance
- + Choose where you want to live with multiple locations across Melbourne and close to Sydney CBD
- + Access to major international airports
- + First class school system at your door
